

# Yonsei University - Keio University Joint Workshop on Mathematical Sciences

**Date :** December 13 (Thu), 14 (Fri), 2007

**Place :** Keio University Hiyoshi Campus  
Raiosha BLDG 2F, Large Conference Room

**Organized by :** Yonsei University BK 21 Project  
CRI, Random Graph Research Center  
Keio University 21st Century COE "Integrative Mathematical Sciences"

**Organizer by :**  
Kim, Jeong Han (Yonsei University)  
Kurihara, Masato (Keio University)  
Moriyoshi, Hitoshi (Keio University)  
Ota, Katsuhiro (Keio University)  
Park, Jae-Suk (Yonsei University)  
Tamura, Akihisa (Keio University)  
Tose, Nobuyuki (Keio University)

**Plenary Talk :**

<b><u>December 13</u></b> 17:00-18:00	<b>Atsushi Takahashi (Osaka University)</b> “Homological Mirror Symmetry of Isolated Hypersurface Singularities”
<b><u>December 14</u></b> 17:00-18:00	<b>Byunghan Kim (Yonsei University)</b> “Model theoretic interpretations of Absolute Mordell-Lang Conjecture”
