

Workshop on Tsunami 2006

Wave Propagation, Theory, Numerical Approach and Data Inversion

Organized by Atusi Tani (Keio University)

Date: 20th – 24th March, 2006

Place: Hall 16A-301, Yagami Campus, Keio University

Speakers

- Alexander V. Avdeev (Intel Novosibirsk Research Laboratory)**
Anatoly Y. Bezhaev (UGRA Research Institute of Information Technologies)
Kenji Hirata (Japan Agency for Marine-Earth Science and Technology)
Tatsuo Iguchi (Tokyo Institute of Technology)
Taro Kakinuma (Port and Airport Research Institute)
Tadayoshi Kano (Institut Vercors)
Mikhail M. Lavrentiev, Jr. (Sobolev Institute for Mathematics)
Andrey G. Marchuk (Institute of Computational Math. & Math. Geophysics)
Hiroyuki Matsumoto (Japan Agency for Marine-Earth Science and Technology)
Hideo Matsutomi (Akita University)
Masao Ogawa (Tokyo University of Science)
Konstantin V. Simonov (Institute of Computational Modeling)
Tomoyuki Takahashi (Akita University)
Pavel Tkalich (National University of Singapore)
Vasily V. Titov (Pacific Marine Environment Laboratory, NOAA)
Igor Trooshin (Institute for Problems of Precision Mechanics & Control)
Hiroyasu Yasuda (Civil Engineering Research Institute of Hokkaido)
